Secretary Message

“ A teacher is a compass that activates the magnets of curiosity, knowledge and wisdom in the pupils.” – Ever Garrison

The success of any nation depends on the youth who further depends upon the quality of instruction. New age education is dominated today by DICE- Design, Innovation, Creativity and Entrepreneurship. It is important to orient young minds in understanding innovative learning practices to capture the new elements of DICE. Knowledge is the only way, by which this can be achieved. The role of the teacher may have changed but the teacher still remains a vital guide and leader in a student's educational journey. No other profession is designed to have such a transformative effect upon the lives of individuals in our society than teaching. We intend to keep working to help our current and future students to advance in their careers and achieve their goals.

Here at **PREMLATA MADAN MOHAN COLLEGE OF EDUCATION**, we try to produce future teachers who find themselves well equipped to meet the unprecedented challenges and advantages of the vast opportunities presented by technological changes and globalization.

Best Wishes!
